

CorHealth Ontario EVT EMS Transport Group

Michael Franklin
Commander, Quality Management
& Performance Standards

What Is It? What Do We Do?

- Working group of Hospital, Regional Program and Paramedic Service representatives.
- Review changes in practice and evidence surrounding stroke and EVT.
- Make recommendations designed to improve care and outcomes.

Recommendations

- ***There are no current changes to Paramedic Practice.***
- Supported by Ontario Base Hospital Medical Advisory Committee.
- Likely next BLS PCS update to include the use of LAMS and direct transport to EVT site.
- Allows for regional implementation and variations.

Projected Impact

- 54% increase in transports to EVT centres provincially.
- HHS projected to have 2nd largest increase in Ontario (149%).

Moving Forward

- Implementation and Evaluation Toolkit
 - Engage stakeholders
 - Agreements
 - Education
 - Measure outcomes
